Career-Profile

I am currently a forth-year undergraduate student at Ionian University studying in the department of informatics. This aided me to develop basic skills in some programming languages, which were reinforced by selecting to study Information Systems.

Education

4th year

BSc in Computer Science
Ionian University

My time during University is the most enlightening and demanding challenge of my life. It motivates me to come across difficult tasks which include taking risks, as it's in my nature to be bold. The University has provided me with the opportunity to develop multiple basic programming skills in:

- Java and Javascript
- Python
- C and C++
- Phaser Game Engine(HTML and JS)

Grade point average: 7.24/10

2014 - 2016

Army Service
National Army Service, Cyprus

During my military service I served in the 70th engineer battalion (in Nicosia). Throughout my experience I managed to gain some fundamental skills, such as leadership and teamwork, which have accompanied me ever since. Being a soldier has taught me the meaning of discipline and responsibility, as well as alertness and composure in times of emergency. Higher Secondary Education

2011-2014

Lyceum of Pallouriotissas

2006 - 2020

I graduated from Pallouriotissa high-school with orientation in the following formal science's classes: Maths, Psysics, Biology and Computer Science. Grade point average: 17.5/20 Football Career

I was playing football since I was 7 years old. I have been playing in the first division in U13, U15, U17 and U21 in the Cyprus Football Association. Now I am playing in amateur level in Greece.
